

I will discuss and give information on the Goetic spirit [Agares](#) in this matter; His description in the [Goetia](#) is as follows **“He maketh them to run that stand still, and bringeth back runaways. He teacheth all Languages or Tongues presently. He hath power also to destroy Dignities, both Spiritual and Temporal, and causeth Earthquakes”**.

I invoked Him for a language matter, and I did notice results. Regarding appearance, He appeared as a transparent man with orange/ blue eyes, so NO guy riding a crocodile, like the Goetia states. I had no real issues in dealing with Him and this was a good while ago. I can't complain, and don't have a lot to say. In short, I invoked Him for fluency in English. His reply? “You're already fluent, so what are you talking about?” And He is, of course, right. But this was the only thing I could ask Him for. Agares is of a Lunar nature (Cancer, 3°) and thusly the attributes in the Goetia are correct, more or less. He is anything but the only Lunar mentioned in the Goetia. (I already did articles on [Paimon](#) & [Vassago](#), for example)

I do intend on keeping Agares in mind for language fluency, in case I need that. My divinations indicate that He is good to go for that, so done is done. I was intending on working with Him for learning French, but I'm keeping that on hold since it doesn't enjoy priority for me, personally.
