

I will discuss my work with the Goetic spirit [Bune](#), who has taken over [Lucifer's](#) tasks when it comes to the spirits that I work with. She appears as a woman to me, not that it matters, gender-wise, and a beautiful one at that, with her general gothic look.

How it happened is that I just had her appear and offer to work with me, and my financial manager supported working with Her and letting her take over from Lucifer. Funny, since I never liked Her and she didn't appeal to me. Nevertheless, she has told me she's a fallen angel and, although I haven't confirmed this, because I just don't care enough to do so, I believe Her. She also has an alternate appearance, that which the Goetia describes somewhat- a monstrous creature with three heads, one human-the other two dragons. She takes on the first demeanor for my convenience, as She states it & She can be very "ethereal", appearing and reappearing in a fluid-like motion.

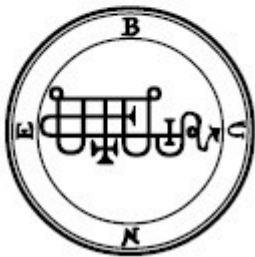

Here the description on Her from the Goetia:

(26.) BUNE, or BIMÉ.—The Twenty-sixth Spirit is Buné (or Bim). He is a Strong, Great and Mighty Duke. He appeareth in the form of a Dragon with three heads, one like a Dog, one like a Gryphon, and one like a Man. He speaketh with a high and comely Voice. He changeth the Place of the Dead, and causeth the Spirits which be under him to gather together upon your Sepulchres. He giveth Riches unto a Man, and maketh him Wise and Eloquent. He giveth true Answers unto Demands. And he governeth 30 Legions of Spirits. His seal is this, unto the which he oweth obedience. He hath another seal (which is the first of these,¹ but the last is the best²).

All of these above are true, as Bune is Jupiterian (Pisces, 28°) and She is good for wealth, although not Her strong suit; She is adept at psychic affairs and related, and exceptionally skilled in general. When working with Her, money-related matters will come at the cost of minor misfortune- I've slammed my finger since working with Her, along with stubbing my toe, and my research also flagged that. So watch out. She honestly reminds me of other Infernal spirits, e.g. [Satan](#) & [Aciel](#) since they have that in common. Below Bune's seals; I use the bottom one, and that one is also said to be better.
