

I'll be covering the goetic spirit #34 called [Furfur](#) today; His description is as follows:

"...he will wittingly urge Love between Man and Woman. He can raise Lightnings and Thunders, Blasts and Great Tempestuous Storms. And he giveth True Answers both of Things Secret and Divine..."

Furfur is Saturnian (1° in Aquarius- interpretation) and is someone that can help in most needs and wishes of an individual, NOT just the things outlined in the goetic description above. His appearance is that of a heart with wings, (which is subject to the operator's mind) and true form is a generic angel wearing a light blue robe that partially covers His feet.
